

Get Ahead

with Kaplan

“

*I felt responsible for
my work and learning.
I was no longer just
doing it for myself.*

Kaplan's Apprenticeship programmes are the perfect route for school, college leavers or individuals who are looking to start their career, develop new skills and find a job.

What is an Apprenticeship?

Apprenticeships are a fantastic way to gain a qualification through work based learning for school or college leavers who think they know what career or industry they would like to work in.

Apprenticeships include an industry relevant professional qualification and take between one and four years to complete through a combination of

work based assessment visits, workshops, reviews and classroom type lessons.

Apprenticeships are a paid programme, learners are paid at least the minimum wage.*

The ultimate goal for the apprentices is to progress into a permanent contract, higher level Apprenticeship or other accreditation.

*Apprenticeship minimum wage applies for 16–18 year olds.

Levels of Apprenticeship

Apprenticeships have equivalent educational levels.

Name	Level	Equivalent educational level
Intermediate	2	5 GCSE passes at grades A* to C
Advanced	3	2 A level passes
Higher	4,5,6 & 7	Foundation degree and above

What does Kaplan offer?

Kaplan offers **Apprenticeships** in Accountancy, Tax, Audit and Financial Services, including Financial Administration, Mortgages, Investment Operations and Insurance.

Speak to our team or search online to find out about the latest opportunities.

Making an application

Applying is easy and Kaplan supports applicants throughout the process including providing CV help and preparing for interviews.

Who can apply?

Apprenticeships can be applied for while still at school. To start one the applicant needs to:

- ▶ Be 16 or over.
- ▶ Not be in full-time education.

There are slightly different rules depending whether they live in England, Scotland or Wales. Speak to us to find out about eligibility.

Since May 2017 graduates have been allowed to undertake an apprenticeship, so as long as the learning is linked to their job role and doesn't repeat anything that they have already studied.

Many organisations hire ahead for September starts so it's never too soon to start looking.
