

Advanced Diploma in Accounting - Course Overview 2021

On this page we've recommended some pathways for your studies, depending on when you start. We have both fee payer and apprenticeship routes. Full, detailed course dates are on the next two pages.

You are able to start your AAT studies at any point throughout the year as there may be more than one course per unit. You have the option of studying Weekday or Evenings.

We recommend **Fee-Payers** (non-apprenticeship students) study this qualification over **12 months**; **Apprentices** must study over a **minimum of 13 months**. More information on the Advanced Diploma is available [here](#).

The **Basic Bookkeeping** course is essential if you have **not completed** the AAT Foundation Certificate and should be studied before AVBK. It is **essential** you study and **attempt AVBK before FAPR**, as it builds on the knowledge gained.

The **IDRX unit** is a **blended learning** course which consists of one day / two evenings classroom tuition and OnDemand modules. Your tutor will direct you on what needs to be covered via OnDemand.

The **AVSY** unit can only be **completed** once you have studied for all **other units**, as they form part of the Synoptic Assessment. Our AVSY course includes ETFA and SPSH materials and online resources.

After attending the first day of **AVSY**, you will have a **minimum of 6 weeks** to study for **SPSH** prior to attending the last two days of AVSY. Please note you do have access to online resources to help you study for SPSH.

Some centres will also offer MMAC in Sep/Oct and this can also be used as a starting point for your L3 studies, you would then move on to AVBK/FAPR in March

Special offer: Buy all 5 courses in one transaction and receive a 20% discount. T&Cs apply - see website for details
