

London Islington - Level 2 Certificate in Accounting - Course Overview 2022/23

Please click [here](#) to view other centre timetables

On this page we've recommended some pathways for your studies, depending on when you start. Full, detailed course dates are on the next page.

There may be more than one course per unit allowing you to start your AAT studies at anytime during the year.

We recommend that fee payers (non-apprenticeship students) study this qualification over 6-12 months. Apprentices must study over a minimum of 15 months (some apprentices may only be required to complete ITBK and POBC prior to starting the Level 3 Diploma in Accounting qualification, but this will be confirmed on enrolment). More information on the Level 2 Certificate in Accounting is available [here](#).

You MUST attempt **ITBK before POBC**, as it builds on the knowledge gained. You should only start studying BESY once you've completed **ITBK and POBC**, as these units form part of the Synoptic Assessment. In the BESY course, we'll cover the BENV unit that will be assessed in the Synoptic Assessment too.

For Apprentices, Level 2 Inray is part of your End Point Assessment (EPA) and therefore you will start studying for this once you have completed all the other units at this level.

Some of these units will require you to complete topic areas via **blended learning**, so your tutor will direct you on what needs to be covered via our award winning online study modules.
