

Level 4 Diploma in Professional Accounting

On this page we've recommended some pathways for your studies, depending on when you start. We have both fee payer and apprenticeship routes.

You are able to start your AAT studies at any point throughout the year as there may be more than one course per unit. To complete this Level, you need to pass all three Mandatory units and only two Optional units. You can complete your Optional units before or after your Mandatory units.

We recommend that fee payers (non-apprenticeship students) study this qualification over 12 months; Apprentices must study over a minimum of 18 months.

For Apprentices, you will complete the mandatory INAC unit as part of your AAT L4 EPA Synoptic course. This unit is exempted for Apprentices who pass the AAT EPA Synoptic assessment.

Special offer: Buy all 5 courses in one transaction and receive a 20% discount. T&Cs apply - see website for details
