

# Professional Diploma in Accounting - Course Overview 2021/22

Please click [here](#) to view other centre timetables

On this page we've recommended some pathways for your studies, depending on when you start. We have both fee payer and apprenticeship routes. Full, detailed course dates are on the next two pages.

You can choose from our Evening, Weekday, Weekend & combination course options. There may be more than one course per unit, so you can start your AAT studies throughout the year.

We recommend that **fee payers** (non-apprenticeship students) study this qualification **over 15 - 18 months**; **Apprentices** must study over a minimum of **15 months**. More information on the Professional Diploma is available [here](#).

You need to pass all the Mandatory units and two Optional units. You should only **start** studying for **PDSY** once you've **completed** the other **three Mandatory units**, as they all form part of the Synoptic Assessment. For Apprentices, PDSY is part of your End Point Assessment and therefore you will start studying once you have completed all the other units at this level. In the PDSY course we'll cover the ASYC unit that will be assessed in the Synoptic Assessment too. You can do your Optional units before or after your Mandatory units.

**Special offer:** Buy all 6 courses in one transaction and receive a 20% discount. T&Cs apply - see website for details
