# Flexible ways to study

We have a range of study options for you to choose from, and the good news is you don't have to stick to just one. You can select a different study option for each subject, if that works for you.

## Classroom

Study in your local centre with face to face tuition, through a structured programme with maximum tutor support.

All of our courses include online resources and ACA printed study materials.

## Classroom Live Streamed

This combines Kaplan's high quality in-classroom experience with the flexibility to study from wherever you want. You'll log in to live classroom sessions via Zoom, and will not only be able to see your tutor but also those students sitting in the actual classroom, making it feel like you are physically there. For availability please see the detailed timetable.

## Live Online

If your local centre isn't running a course at a time that suits you, you can also study via Live Online in the daytime or evening. Get the benefits of the traditional classroom, but with the flexibility of the online environment. The lessons are fully interactive, delivered live by our expert tutors, following the same exam focussed material and structure as traditional classroom courses.

## OnDemand

This is an online course with resources specifically designed for online learning. It gives you the best of both worlds, combining the structure of a tutor-led course, with the flexibility to start studying anytime, anywhere.
