

## Skills Premium Class Timetable

Included in this timetable is the live session information for the *Skills Premium* In-level Learning and Case Study preparation classes by program level (Foundational, Operational, Management, Strategic) that are or will be available to *Skills Premium* subscribers.

**Foundational level** includes In-level Learning classes only, which last approximately 3 months and include several live sessions (number is subject to change from class to class). There is no Case Study for this level.

**Operational, Management, and Strategic** In-level Learning classes last about 6 months and include approximately 11 live sessions.\* Case Study preparation classes last about 1 month and include an option with 10 evening live sessions\* and an option with 5 daytime live sessions\* but is subject to change based on availability.

This timetable also includes the recommended Case Study preparation class for each In-level Learning class option. **We strongly recommend that you complete the In-level Learning class before starting your Case Study preparation class**, although ultimately you are able to enroll in them concurrently if you are working toward completing your competency area learning ahead of the schedule. Enrolling in *Skills Premium* classes is done after purchasing a subscription to *Skills Premium*.

Each program level's In-Level Learning and Case Study preparation class also includes a *Suggested Study Plan* that provides an overview of what's covered each month in the live sessions.\* A sample study plan is included on the last page for Operational, Management, and Strategic levels.

NOTE: This schedule is updated twice a year.

If you are looking for future Learning and Case Study exam windows beyond what is shown here, they will be added during the regular bi-yearly update.

\*Subject to change.
