# Flexible ways to study

We have a range of study options for you to choose from, and the good news is you don't have to stick to just one. You can select a different study option for each subject, if that works for you.

## Classroom

Study in your local centre with face to face tuition, through a structured programme with maximum tutor support.

All of our courses include online resources and CTA printed study materials.

## Live Online

If your local centre isn't running a course at a time that suits you, you can also study via Live Online in the daytime or evening. Get the benefits of the traditional classroom, but with the flexibility of the online environment. The lessons are fully interactive, delivered live by our expert tutors, following the same exam focussed material and structure as traditional classroom courses.

## Distance Learning

Study at a time and place that suits you with Kaplan Distance Learning. Our Distance Learning courses include CTA printed study materials as standard. Tutor support is available by phone and email until 9pm most weekdays and even on weekends \*\*

## e Learning

e-Learning is ideal if you want to study at home at your own pace. Kaplan offer eLearning courses to match the flexibility of the 3 Computer based exams: covering Ethics, Law and Accounting. These courses include recorded lectures which will supplement your learning materials and bring key topics to life.

### Mix & Match

You can study each subject via the course that suits you best. So you could do your Advanced Technical papers in the Classroom and Awareness via Live Online or Distance Learning – simply choose the combination that works for you.

Further self study courses are available all year round via [Distance Learning](#)
